ANDERSON SUÁREZ

SYSTEMS ENGINEER | FULL STACK DEVELOPER

+57 318 878 5198 • titusandersonsuarez@gmail.com • Colombia • Portfolio • GitHub • LinkedIn

PROFESSIONAL SUMMARY

Systems Engineer with experience developing scalable web applications for the healthcare sector in Colombia. Specialized in backend development with Java (Spring Boot) and relational/non-relational databases, complemented by solid knowledge in frontend technologies, enterprise reporting, and modern DevOps practices. Proficient in Agile methodologies (Scrum), software development under healthcare standards, and continuous integration.

WORK EXPERIENCE

Junior Developer | **CreandoSoft — Colombia** August 2024 – January 2026

- Designed, developed, and maintained critical modules for a healthcare web platform used by healthcare providers (EPS and IPS) in Colombia, ensuring high availability and compliance with health regulations.
- Optimized SQL queries and backend components using Java and Spring Boot, enhancing system performance and response times for key operational features.
- Designed and integrated dynamic enterprise reports using JasperReports and Crystal Reports to support operational and clinical workflows.
- Implemented new frontend features with JavaScript and refactored legacy code to improve end-user experience for healthcare professionals.
- Collaborated actively in Scrum teams, participating in Daily Standups, Sprint Plannings, and Retrospectives, delivering sprint commitments consistently in bi-weekly iterations.
- Wrote unit tests to ensure software reliability and produced detailed technical documentation for system architecture and core components.

KEY PROJECTS

Personal Portfolio & Full Stack Projects

titusandersonsuarez.github.io/portafolio-de-proyectos/portafolio

- Designed and deployed an interactive web platform to centralize and showcase technical projects built with Java, Spring Boot, .NET Core, Angular, and Docker.
- Implemented clean architecture principles and RESTful API consumption across independent projects focused on software best practices and cloud deployments.

TECHNICAL SKILLS

Languages:	Java, JavaScript, C#, SQL
Frameworks & Libs:	Spring Boot, .NET Core, Angular, Next.js, Windows Forms, Bootstrap
Databases:	PostgreSQL, MySQL, SQL Server, MongoDB
DevOps & Tools:	JasperReports, Crystal Reports, Docker, Git, GitHub, Apache Kafka, AWS, Postman
Methodologies:	Scrum, Agile, Kanban

EDUCATION & LANGUAGES

B.S. in Systems Engineering (Graduated) | Unidades Tecnológicas de Santander (UTS) 2021 – 2026

Languages: Spanish (Native) • English (Intermediate - B1)
